Carolyn-

I have had a few isolated email problems recently, so I am letting you know this came through.

Thanks.

Subject: [Non-DoD Source] ST12 Time of Remediation Estimates

Cathy

Please see the attached letter and technical memorandum prepared by our joint agency technical team which we believe presents a more realistic estimate of remedial time frames for ST12 under Enhanced Bioremediation. This week we are also finalizing a checklist of items that should be included in the EBR monitoring plan to evaluate progress; we will be sending that within a few days. Please hold off on sending the revised EBR workplan so these comments can be incorporated.
